

Her Health Restored

THE misery of sleeplessness can only be realized by those who have experienced it. Nervousness, sleeplessness, headaches, neuralgia, and that miserable feeling of unrest, can surely be cured by Dr. Miles' Restorative. So certain is Dr. Miles of this fact that he has authorized to refund price paid for the first bottle tried, provided it does not benefit. Mrs. Henry Bruns, wife of the well known blacksmith at Grand Junction, Iowa, says: "I was troubled with sleeplessness, nervousness, headache and irregular menstruation, suffering untold misery for years. I used various advertised remedies for female complaints besides being under the care of local physicians, without help. I noticed in Dr. Miles' advertisement the testimonial of a lady cured of ailments similar to mine, and I shall never cease to thank that lady. Her testimonial induced me to use Dr. Miles' Restorative and Nervine and Liver Pills, which restored me to health. I cannot say enough for Dr. Miles' Remedies." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. BECOME AGGRESSIVE

Insurgents Unsuccessfully Attack San Luis on the Rio Grande.

GRINGUA ALSO ATTACKED

Reinforcements Sent to the Front by Special Train - Americans Occupy San Mateo Without Serious Resistance - Troops Exhausted by Heavy Marching.

Manila, Aug. 14.—8:30 a. m.—The insurgents have taken the aggressive in the neighborhood of the railroad. On Saturday night they unsuccessfully attacked San Luis, on the Rio Grande, near Calumpit, which is garrisoned by two companies of the Twenty-second infantry. The Americans had one man, a sergeant, killed and two privates wounded.

Yesterday morning a stiller affair took place at Gringua, four miles west of Malolos, where another small garrison is stationed as a safeguard against a possible attack upon the railway. A special train took reinforcements to Malolos and Gringua, just north of Bulacan.

While the Seventeenth infantry, during last Tuesday's battle, was approaching Calumpit along the road, the troops saw a group of 50 Filipinos outside the town under a flag of truce. Some, who were in white clothing, held up their hands to signify they were unarmed.

Captain Hart with a detachment advanced cautiously to a point within 200 yards of them, when the Filipinos picked up their guns and fired a volley. The Americans dropped into the bushes unhurt on the first movement and returned the fire. At this the Filipinos ran off.

Word has been received from Lieutenant J. C. Gilmore of the United States gunboat Yorktown, who, with 14 members of the crew of the gunboat, was captured by the insurgents last April near Baker, on the east coast of Luzon. The message, which comes through Spanish prisoners, is to the effect that the officer and his men are at Vigan, in the province of South Ilocos, on the west coast of Luzon.

All but two are well. Lieutenant Gilmore is allowed a house and a servant and is fairly treated.

SAN MATEO

Occupied by American Troops Without Serious Resistance.

Manila, Aug. 14.—A reconnaissance by troops of General Samuel B. M. Young's brigade Saturday with the object of discovering the whereabouts of the enemy near San Mateo, northeast of the San Juan reservoir, about 10 miles from Manila, resulted in the occupation of San Mateo.

The American loss was three killed and 15 wounded, including a lieutenant of the Twenty-first infantry.

The Americans approached San Mateo in three columns. Major Cronin with 15 men of the Twenty-fifth infantry advanced from Novaliches, five miles west of San Mateo. Captain Rivers with 100 men of the Fourth cavalry, and Captain Parker, formerly lieutenant colonel of the Twelfth New York volunteer regiment, with 280 men of the Twenty-first and Twenty-fourth infantry and the Fourth cavalry, approached in two columns from the south.

Major Cronin experienced many difficulties arising from the condition of the country and failed to effect a junction with Captain Rivers west of San Mateo, as had been planned.

Captain Rivers, advancing, took an outpost of the enemy 2 miles southwest of San Mateo. He there encountered strong resistance among the hills, the enemy firing from excellent positions. Having failed to connect with Major Cronin, and seeing that the town was already occupied by the Americans, Captain Rivers withdrew, covering his withdrawal by a heavy volley. He lost a sergeant killed.

Captain Parker, on advancing, found the enemy strongly entrenched on the far side of some rice fields about a mile wide and covered with deep mud. Pushing forward rapidly he routed the Filipinos after 40 minutes fighting, and then continued the march upon San Mateo, which he entered without serious resistance about 1:30 in the afternoon.

Major Cronin entered the town about 4:30. The Americans still occupy the place. Our men were exhausted by the heavy marching.

Twenty-three of the enemy are known to have been killed.

This is the first action in which Colonel Burt's colored troops participated. They behaved well, their leaders having difficulty in holding them back.

General Young accompanied Captain Parker's column and was under fire throughout the engagement. It is estimated that the enemy numbered between 300 and 400 men.

United States Transport Centennial.

San Francisco, Aug. 14.—The United States transport Centennial arrived here from Manila late yesterday after a most exciting round trip. She narrowly missed a couple of typhoons, was ashore on a coral reef, where the entire crew barely escaped capture at the hands of the Filipinos; one of the sailors was killed by a parting hawser and one of the quartermasters was stabbed by a colored cook. The Centennial on her return trip brought a number of invalided officers and men from various regiments.

LABORI SHOT

Counsel For Captain Dreyfus Ambushed at Rennes.

Rennes, Aug. 14.—Two men ambushed Maitre Labori, counsel for Dreyfus, and one shot was fired, hitting Labori in the back. M. Labori fell in the roadway.

Maitre Labori left his house alone for the court this morning. His residence is situated in the suburbs of the town, about a quarter of an hour's walk from the Lycee, the route being along a solitary road beside the river Vilaine. He had reached a point half way on his journey when two men, who had evidently been lying in wait for him, rushed out of a narrow lane and one of them fired a single shot from a revolver.

The murderers were only a couple of yards behind their victim, and the bullet struck Maitre Labori in the back. The wounded man uttered an agonized cry and fell flat on his face. The murderers immediately fled through the lane, from which they emerged, and both escaped. Physicians believe he will die from the wound.

Big Reduction

Wages in a Johnstown Iron Mill Cut From 70 to 80 Per Cent.

Johnstown, Pa., Aug. 14.—What is probably the record for a big reduction of wages went into effect in the structural department of the Cambria Steel company this morning. The reduction ranged from 70 to 80 per cent. The straighteners of the large beams have their wages cut to about \$3, while the holdups will be paid on a scale that will average them \$1.50 per day. The workmen declare that the straighteners had been making an average of \$10 or \$15 a day and that the holdups averaged from \$5 to \$7 for their work. They claim that they were not overpaid even at that rate, for the beams are very heavy and the work is so severe on them that they can endure it for only a few years.

LOOKS LIKE WAR

Transvaal Government Arranging For Mobilization on Short Notice.

Johannesburg, Aug. 14.—The Transvaal government, it is reported, has provisionally arranged with the Netherlands, South African Railway company for mobilization on the shortest notice if required.

Immense stores of provisions and war material have been collected at Pretoria. It is rumored that orders have been issued to mobilize the artillery reserve.

It is alleged from Boer sources that the government proposes to introduce a passport law, aiming to prevent outlanders from leaving the country without permission in event of war.

Children's Chorus of 500 Voices.

Indianapolis, Aug. 14.—Secretary Kennedy of the state board of agriculture has secured the services of Mrs. Alice Fleming Evans to train a children's chorus of 500 voices. It is proposed to organize a state fair chorus of children's voices, and patriotic songs are to be rendered on Wednesday and Thursday evenings of the fair on occasion of the Sousa concerts. One of the songs will be "The Stars and Stripes," which is to be sung in compliment to the great composer and leader. Sousa will conduct the band, and the contract calls for his full band of 50 pieces.

Duel to Death.

Dallas, Aug. 14.—A sensational duel to the death occurred here yesterday between Policeman A. P. Rawlings and Charles A. Daniels. Forty-five caliber single action 6-shooters were the weapons, the distance 8 paces and both of the principals are dead. Eight or nine shots were fired, and plateglass windows for a block around were shattered. Rawlings lived 10 minutes and Daniels lived exactly an hour. The former was shot three times and the latter once.

ANTISEMITE LEAGUE

Demonstration In Paris Harangued by M. Gurin and Max Regis.

POLICE PREVENT TROUBLE

By Closing the Thoroughfare Leading to the League's Home—More Arrests of Enemies of the Republic.

Paris, Aug. 14.—Demonstrations occurred last night outside the offices of the Antisemite league, where Jules Gurin, president of the league, and Max Regis, the former Jew baiting mayor of Algiers, against whom orders of arrest have been issued on a charge of conspiring to bring about a change of government, are still besieged by the police.

Fifty antisemites took up a position in a restaurant opposite and M. Gurin harangued them from a window. Finally the police closed the thoroughfare to prevent the demonstration becoming serious.

In the course of the evening M. Godfrey, president of the committee of Jeuneuse Royalists, was arrested, and a dispatch from Saint Lo, capital of department of Manche, announces the arrest of M. Le Monnet, secretary of the League of Patriots.

It appears that the report of the arrest of M. Mariel-Habert, member of the chamber of deputies for Rambouillet and a high official of the League of Patriots, is incorrect. He is still at large. Out of 97 warrants issued some 27 have been executed.

Those already arrested include Comte De Sabran Pontevès, Comte Chevilly, M. De Montcourt, secretary of the Jeuneuse Royalists and M. De Frechen-court, vice president of the Oeillet Blanc, or white carnation society.

DREYFUS TRIAL

Its Political Bearings—General Mercier's Deposition.

Rennes, Aug. 14.—The battle has begun in earnest, says Emily Crawford, writing for the press. Its political bearings are shown in the arrest of Paul De Roulede, the deputy and poet, and 23 of his numerous royalists and Bonapartist allies Saturday, who have pooled with him against the republic. As in the Bonapartist conspiracy, the pool would be of little consequence but for the military caste, which has found representative men in General De Negrier and some other generals having great commands.

It is a strange thing how the fight thickened around the shadowy and emaciated red haired Jew, whose uniform of an artillery captain so ill fits his figure and physiognomy.

Last Monday's sitting of the court-martial and the subsequent nonpublic sittings were the first skirmishing operations, but Saturday was a field day, in which the two hostile forces into which France has divided, and has been since the revolution, set themselves in array of battle and drew the first blood. Each side stands committed to a certain course and has burned its ships. The actual Dreyfus trial is a trial of strength. I cannot see a possibility of its ending in a drawn game. It is now a "neck or nothing" combat, a desperate fight in which neither side will give in unless utterly routed.

General Mercier's deposition was inaudible Saturday, unless to the judges and shorthand reporters. It fell flat, his voice and delivery being bad. But we have it now in print. It has qualities for which we did not give credit during the delivery. They are easy, flowing statements, plausibility and the art of lulling suspicion. As the deposition appears in full in the reports it will everywhere be read with delight by those who are already persuaded that Dreyfus is a traitor. They will not see what was peckishin'ly, figuratively speaking, the deposition, which was really a speech for the prosecution, shows Mercier to be a flautist of the highest order. He never loses his way in the most intricate variations, and keeps in view that Dreyfus is a cool, calculating, well-informed traitor.

The immediate issue of the fight is the freedom of Dreyfus, but Saturday's incidents and episodes are the beginning of a struggle of a far-reaching consequence.

WENT DRIVING

President Failed to Attend Church Yesterday—Secretary Hay Coming.

Plattsburg, N. Y., Aug. 14.—The president decided at the last moment not to attend church yesterday, but instead went for a drive with Mrs. McKinley, who has been prevented by the cold, rainy weather from going out doors for the last two or three days.

Secretary of State Hay will be here tomorrow, coming from his summer home at Newbury, N. H. The greatest importance is attached to the secretary's visit here at this time, as it is believed that he is coming to confer with President McKinley regarding the many questions of state arising from America's new possessions. Attorney General Griggs and family will arrive on Thursday.

BEVERIDGE IS WELL

He Is Taking the Waters in Canadian National Park at Banff.

Banff, N. W. T., Aug. 14.—Friends of Senator Beveridge of Indiana, who is taking the waters in the Canadian National park, are crowding him with dispatches of inquiry concerning his health, to all the senator has answered that he is well.

Lieutenant Commander Percy St. John of Her Majesty's ship Peacock, is also here and can scarcely contain himself with indignation on account of his reputed criticism of General Ols and the Filipino campaign. American papers to hand containing the reported interviews at Victoria, have made the commander furious. He denies the correctness of his interviews and has, through his attorneys, demanded to be set right.

THE OLYMPIA

Arrives at Leghorn, Italy, and Is Cordially Welcomed.

Leghorn, Italy, Aug. 14.—The United States cruiser Olympia arrived here at noon yesterday from Naples and was received with salutes and cordial welcomes.

The commander of the Italian cruiser Tripoli and captain of port both visited Admiral Dewey on board.

To Extend American Trade

London, Aug. 14.—The St. Petersburg correspondent says: "It is proposed after the close of the Paris exposition next year to open an American exhibition either in Moscow or St. Petersburg to consist chiefly of American exhibits from Paris with a view of extending American trade."

Mercier's Statements Ridiculed.

Berlin, Aug. 14.—The statements of General Mercier before the court-martial at Rennes regarding the imminence of war between Germany and France excites only ridicule here. The general opinion is that the former war minister ought now to be judged from a pathological view point.

Good Sized Collection.

Old Orchard, Me., Aug. 14.—At the Christian Alliance convention here Rev. Dr. A. B. Simpson raised \$55,000 for foreign missions. The greater part of the sum was raised during one service, but a second collection was taken and pledges continued until the amount stated was raised.

State Geologist's Discovery.

Indianapolis, Aug. 14.—W. S. Blatchley, state geologist, has returned from a trip in which he says he has discovered at Milltown and Marango deposits of coal averaging 97 per cent pure. Mr. Blatchley says he has also found good deposits of marl in some of the northern counties.

Trade and Harmony.

Rio Janeiro, Aug. 14.—Colonel Charles Page Bryan, United States minister to Brazil, in an important communication to the Argentine and Brazilian press, asserts that the United States wants nothing of South America but trade and harmony.

Was a Champion of Better Drainage.

Toledo, Aug. 14.—Hon. George Leskey, an Ohio pioneer and the founder of the Ohio drainage system, is dead. Mr. Leskey began his campaign for better drainage when he was state senator in 1850. He was 75 years old.

KEENER THAN MANKIND.

Illusions That Deceive Men Have No Effect Upon Animals.

"It's a singular fact," said a man in the show business, "that 'illusions,' as we call 'em, don't fool animals. I've seen that proved over and over again. A few years ago I had what is known as the 'Mystic Maze' at the Nashville exposition. It was simply a small room filled with mirrors, so arranged that you seemed to be in a narrow corridor, full of turns. It was very puzzling, and I used to get lost in it myself, but it never bothered my dog a moment. He would run through it from end to end at full speed and never bump against a mirror.

"I saw something on the same line in Frisco not long ago. A friend of mine had an illusion called 'The Haunted Swing.' You get in what seems to be an ordinary swing, hung in the center of a good sized room, and the thing begins to move. It goes back and forth and finally clear over the top—that is to say, it seems to. What really turns around is the room itself. The swing stands perfectly still. It is a good illusion, and when the room is revolved rapidly there never was a man who could keep his head in the swing. It seems as if he must certainly pitch out, and if the motion is kept up he gets dazedly sick. But a pet cat belonging to my friend used to lie on the edge of the seat and never turn a hair, no matter how fast the thing was worked.

"The elder Herrmann told me that animals were never deceived by false table legs, built up with looking glasses and used in stage tricks. They always passed around on the other side. I guess they must see better, somehow, than men."—New Orleans Times-Democrat.

The Kind of a Piece It Was.

One evening at a social function where Sarasate was among the guests, a young violinist had the bad taste to play one of Sarasate's compositions with variations of his own creation. The latter were inappropriate and inartistic and jarred upon the ears of all. The performer ended his work and made his way to Sarasate, doubtless expecting a word of recognition or praise. Sarasate said nothing, and the player finally asked, "I hope you recognize that piece?"

"Certainly," Sarasate promptly replied; "it was a piece of impudence."—San Francisco Argonaut.

A Simple Fire Extinguisher.

In German varnish factories an easy way to extinguish a burning pan of oil has been found in the use of a fine meshed wire net. As soon as this covers the burning surface the iron wires conduct off the heat so rapidly that the gases can no longer dance. It is the principle of the Davy safety lamp and might be employed in various ways to extinguish burning gases.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters have cured Mrs. Brewer of sorority, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctor could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved, that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expel poisons, helps digestion, builds up the strength. Only 50 cents. Sold by W. F. Peters, Druggist, Guaranteed.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by C. W. Milhous.

ROCKY MOUNTAIN SCENERY

An Interesting Letter Concerning Some of Colorado's Wonders.

EDITORS REPUBLICAN:—From an altitude of 6,000 feet, from an atmosphere pure and rare, where the mercury at noon time never reaches 78 degrees and where wraps are necessary for comfort during the morning and evening, perhaps a short letter would interest readers of the REPUBLICAN. Things in this world can only be measured by comparison. As I think of the August heat of Seymour I am fully brought to the realization of the delightful air of Colorado. This city of 25,000 people is an ideal summer home. There are wide streets, imposing public buildings and a mining stock exchange, where the temptation "to plunge" comes strong and heavy. There are no manufacturing, no saloons, no malaria. Colorado Springs received its name from being the railroad station, though the famous mineral springs are at Manitou, a distance of seven miles, directly at the foot of Pike's Peak. But the two places are so connected by electric cars, with Colorado city, the first capital of the state, between, as to make the three towns almost one.

My month's sojourn here in this country, where nature has heaped her wonders, has been filled with pleasant experiences. Beautiful does not express that natural formation of solid granite, which man has named "Garden of the Gods." Aweinspiring would be a better appellation for these forms which cover acres of earth. I think nature was in a playful mood while shaping these grotesque figures, and must have smiled, knowing how in ages to come, we Americans would enjoy them, even though it be at the rate of two dollars per hour. Perhaps she knew, too how many foreigners would visit this Garden and leave gold from Australia and Africa in exchange for the sights. She must have smiled again, and been reminded of the "carrying of coals to New Castle," knowing of the gold under the surface while all man had to do was go forth and dig.

Our picnic at North Canyon, with sixteen in the party, will never be forgotten. We scaled heights, which to the traveler from level Indiana seemed impossible. On this lofty place we lunched by a swift running stream, clear as crystal and cold as ice. My sympathy went to poor old Seymour, as I thought of the greatest picnic elevation around there, Indian Mound, and the stagnant water of White river to quench thirst. Another day we visited Cheyenne Canyon and no place in all this region of marvel and delight is more picturesque and grand. The drive to the entrance of the canyon is through dense foliage, and as we pass on between walls of rock towering to the sky, a feeling of insignificance cannot fail to overtake us. At the head of this drive are the Seven Falls, which pour down hundreds of feet over the rocky precipice, by the side of which have been made steps 289 in number. After ascending the steps, begin the climb up, up, up the mountain, on the summit of which once reposed the body of Helen Hunt Jackson, but which has been removed to the cemetery below. I do not know how to describe the scene from this place. We were above the clouds, and in the midst of all the grandeur came an electric storm, which only increased our wonder. We found shelter from the rain under a pine tree, and had companions under the same tree from Texas, New York, Ohio, Alabama and Maine. I, alone representing Hoosierdom. We reached home limp and starbless but well satisfied with the day's wonderful sights.

Our trip up Pike's Peak by the Cog Wheel road was full of interest and the snow in the crevices of rock, and my benumbed fingers caused me to think of Seymour—with its temperature of 100—as the region which we are taught to dread. We went on a wild flower excursion over the Colorado Midland for a distance of fifty miles and reached an altitude of 9,000 feet going through the Pass famous as having been the trail of the Ute Indians in gone years. One of our most interesting days was when we visited Cripple Creek and Victor, the most noted gold mine district of our country. Through the kindness of Mr. W. E. McMillan our party was allowed entrance to "Gold Co'n" mine, one of

the richest, the ore of which runs eighteen hundred dollars to the ton. To see the ore in its crude state, made me wonder how it could ever be worked into coin, from the love of which grows all evil. Some of this evil was brought to our minds when shown through an undertaker's establishment in Cripple Creek and seeing relics left by suicides who had sought fortunes in the west but had found them not. We saw the famous Independence mine sold by Stratton for many millions, and with a bow I stated to my newly made acquaintance from Illinois that this many times millionaire hailed from Indiana. Seven years ago there was no Cripple Creek and three years ago it was almost wiped out by fire, but with gold for a foundation it has sprung into a thriving city of 25,000 inhabitants. Victor, which is seven miles from Cripple and is really the mining district, is a town of 20,000 people. We are looking forward to many grand trips yet to be taken. From the dizzy heights of the Rockies I wonder why they were made, but perhaps for this very reason, that the thousands who visit them yearly might with me have cause to wonder.

Colorado Springs has a most beautiful social side, and every evening is crowded with card parties, hops and etc. Broadmore Casino is a place of which the inhabitants are justly proud, and where gather the wealth, beauty and gallantry of the city and a few of us tourists sometimes mixed in, for concerts, dances, theatricals, etc.

There is a sad phase to all this charm of scene and air, that is, the number of invalids one meets on the streets, in the parks and everywhere. They are here from all parts of the earth, hoping to regain health from the climate.

A Life and Death Fight.

Mr. W. A. Hine, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c and \$1.00. Trial bottle free at W. F. Peters' drug store.

We have used Chamberlain's Cough Remedy in our home for many years and bear cheerful testimony to its value as a medicine which should be in every family. In coughs and colds we have found it to be efficacious and in crop and whooping cough in children we deem it indispensable.—H. P. RITTER, 4127 Fairfax ave., St. Louis Mo. For sale by C. W. Milhous.

The Court's Comment.
A Georgia justice of the peace, relates Case and Comment, once took upon himself to charge a jury as follows: "Gentlemen, this is a case which has been tried by me before, and I decided in favor of the defendant." As the jury took the hint and found for the defendant, just as the justice had done before, although the evidence was overwhelmingly in favor of the plaintiff, the higher court refused to let the verdict stand. It also commented as follows:

"A justice of the peace is generally a man of consequence in his neighborhood. He writes the wills, draws the deeds and pulls the teeth of the people; also he performs divers surgical operations on the animals of his neighbors. The justice has played his part on the busy stage of life from the time of Mr. Justice Shallow down to the time of Mr. Justice Riggins. Who has not seen the gaping, listening crowd assembled around his honor, the justice, on tiptoe to catch the words of wisdom as they fell from his venerated lips?"

"And still they gazed,
And still the wonder grew
That one small head
Could carry all he knew."

Laughter as a Cure For Worry.

"Nearly every woman is a miser of Jollity. Men are willing to catch pleasure as it flies, but women must have everything just so before they can abandon themselves to enjoyment, and then they are usually too tired to take it," said a lecturer to an audience of women. "It's a disease, but fortunately not incurable. Women say it is easy to talk this way, but that one can't be laughing when one is hurried and worried. All I can say is that you might be as hurried, but you wouldn't be as worried if you did laugh. I happened once to speak of my husband to a little girl, and she said:

"Why, I didn't think you were married."
"Oh, cause—"
"Cause why?"
"Cause you laugh so much."
"Wasn't that a commentary on matrimony?"—Chicago Times-Herald.

Spanish-American War Panorama
Is one of the war books which is likely to be in continuous demand. It is a panoramic record of the triumph of Yankee Doodle. The eagle flaps his wings on every page, and "Old Glory" waves around and above every scene. Prominent officers connected with the war are here portrayed, as well as many of the "men behind the guns." Military life is pictured to the eye from recruiting to guard mount and skirmish line. Nor is the ludicrous omitted. The company cook receives the attention due to his importance; the next is shown; cavalry scenes are depicted; the heroines of the Red Cross service are displayed; street scenes in Havana, Santiago and elsewhere are unrolled, the new citizens or subjects (which are they?) of Uncle Sam, appear and disappear as the scenes are turned.

In a word, the gazer visits the new localities and sees the tumultuous new life, without the risk or expense of a sea voyage.

Mr. B. Worm—Have you a cheap edition of "The Iliad?"
Miss Jenkins (first saleslady, shifting gum)—Who by?

Mr. Worm—Homer.
Miss Jenkins—We got a cheap edition of "The Iliad" by a man named Homer, Miss Smithers?

Mr. Worm—Not "The Iliad"—"The Iliad"—Iliad.

Miss Jenkins—"The Iliad Add." Queer name that. Don't think I ever heard of the book. Sounds Kosonian.

"Bout Russia, is it?"

Mr. Worm—No, I think not; Greek mostly.

Miss Jenkins—Oh! It's a Greek story, Lizzie. I think I've heard of it. Tells about the war they had between Greece and Japan, I believe.

Miss Smithers (second saleslady)—The name of the book you want is "The Iliad." You want it in paper cover?

Mr. Worm—No; I'm sure it's "The Iliad."

Miss Smithers—Well, I think you've got it wrong. It might be "The Iliad." I've heard of something like that. Who do you say the book's by? Homer? Don't know his full name, do you?

Mr. Worm—No; that is, that's all there is of the name.

Miss Smithers—Oh, I see—norme de ploom. I never heard of him. Must be some new man ain't got his reputation made. We don't keep none but the real popular books. Miss Jenkins, "pose you look through that pile in the corner."

Eyes Which See Big.

The other day a man spoke in my presence about a certain real or fancied peculiarity of some animals which, he said, caused the eye to dilate when the animal was subject to sudden fright, thus transforming the pupil of the eye into a magnifying glass of high power. "Why," he said, "if a wildcat frightens a horse, his eyes enlarge so that the wildcat looks to him as big as a tiger."

I have quit saying I don't believe a thing just because I never heard of it before, but now, what do you think of this? I can imagine a man of the stage age telling this sort of tale to his offspring, while their prehistoric little eyes grow wide with wonder and amazement, and then when they run out of the cave to play I see him looking over at the old lady and smiling.—Forest and Stream.

Miss Lockheart's LETTER TO MRS. PINKHAM.

[LETTER TO MRS. PINKHAM NO. 6,104]
"I cannot express my gratitude to you for the good that Lydia E. Pinkham's Vegetable Compound has done for me. I have taken five bottles of the Compound and two boxes of Liver Pills and feel better in every respect. I had suffered for years with dropsy; the veins in my limbs burst, caused from the pressure of the water. I had the worst kind of kidney trouble, fainting spells, and I could not stand long at a time. I also had female weakness and the doctor said there was a tumor in my left side. The pains I had to stand were something dreadful. A friend handed me a little book of yours, so I got your medicine and it has saved my life. I felt better from the first bottle. The bloating and the tumors have all gone and I do not suffer any pain. I am still using the Vegetable Compound and hope others may find relief as I have done from its use."

MISS N. J. LOCKHEART, Box 10, ELIZABETH, PA.

Only the women who have suffered with female troubles can fully appreciate the gratitude of those who have been restored to health. Mrs. Pinkham responds quickly and without charge to all letters from suffering women. Her address is Lynn, Mass.

LOW FARE TO PHILADELPHIA.

Excursion via Pennsylvania Lines for National G. A. R. Encampment

The thirty-third National Encampment and Reunion of the Grand Army of the Republic will be held at Philadelphia September 14th to 20th inclusive. For this event special excursion tickets will be sold to Philadelphia via Pennsylvania Lines September 1st, 2d, 3d and 4th inclusive.

Three forms of tickets will be on sale at special reduced fares, which will be as cheap as the Pennsylvania Route as over any other line. One cent per mile, except where the one way rate is \$1.00 or less, will be the rate from ticket stations on the Pennsylvania System west of Pittsburgh. Tickets sold at exceptionally low fare will be good for continuous journey in both directions.

Tickets via Baltimore and Washington will be sold at the lowest one-way rate, and will be good for stop-over at Baltimore and the National Capital, and also valid for an additional stop-over in each direction east of Pittsburgh.

Tickets via diverse routes (going over one direct route and returning another) will be sold at the single fare rate plus 25¢. These tickets will also be good for stop-overs at Baltimore and Washington, in addition to one stop-over in each direction east of Pittsburgh.

The return limit on all excursion tickets via Pennsylvania Lines will be September 12th, which may be extended to September 30th inclusive, by depositing tickets with the Joint Agent at Philadelphia.

All Pennsylvania Lines lead to Philadelphia, and principal points on this system have daily through sleeping car and through coach service to the Quaker City, enabling passengers to go through without changing cars. The route is via Pittsburgh and Harrisburg and through the most interesting portions of Pennsylvania.

Philadelphia is reached by daylight by all trains over the Pennsylvania Route from points west of Pittsburgh. This gives visitors an opportunity to select quarters and get located before night sets in.

The Pennsylvania station at Philadelphia is located in the heart of that city, opposite the great City Hall, and convenient to the hotel, boarding house and business and residential portions.

For special information about rates, time of trains and other advantages offered by the Pennsylvania Lines, please apply to local passenger and ticket agents, or address F. Van Dusen, Chief Assistant General Passenger Agent, Pittsburg, Pa.

RETURN LIMIT EXTENDED.

Seashore Excursion Tickets via Pennsylvania Lines Good Fifteen Days Returning.

The return limit on the low fare excursion tickets to Atlantic City, Cape May, Anglesea, Avalon, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Rehoboth, Del., and Ocean City, Md., to be sold August 10th, from principal stations on the Pennsylvania Lines will be fifteen days including days of purchase. This is a longer limit than that granted on similar tickets sold in previous seasons, and will be ample for a delightful sojourn at the seaside. The extreme return limit will be August 24th, which will allow a week after returning home to prepare for school and other duties which begin with the opening of September.

The date of the excursion, August 10th, is the most convenient for an outing. Business is quiet at this season, crops are gathered, and office, store and farm duties are not exacting. The thermometer usually reaches the highest point about this time. It will be a pleasing diversion to spend week's vacation in the invigorating ocean breeze and experience the unlimited pleasure at the command of the summer idler by the sea.

The round trip rate from Seymour will be \$15. Tickets at this exceptional low rate may be secured to either of the ten resorts mentioned above, which are the most attractive along the Atlantic coast. For illustrated descriptive matter about them apply to O. B. Rappington, local ticket agent of the Pennsylvania Lines, who will also furnish information about time of trains, etc.

Whatever.

Sunday evening Deputy Sheriff Car-

told in previous issue of the REPUBLICAN.

He was arrested at Ellettsville and
was brought to Bloomington where he
was taken in custody by Deputy Sheriff
Carter and brought here. Mr. Carter
kept Stillwell at his home last night.

Stillwell says he was delayed in Mon-
roe county to attend to some business
and had so written Mr. Crane last Fri-
day. On Saturday he wired him to
that effect, but the officers were after
him then.

He made no resistance whatever, for
he says that was not necessary, as he
committed no crime. He says every
one admits that he was not trying to
get away. Hon. A. M. Hadley, of Bloom-

A New Invention.

D. W. Gray, one of the blacksmiths
employed by E. H. Ahlbrand & Son
has worked out something new in the
way of a mowing machine sickle and
sicklebar. His invention does entirely
away with the pitman or sickle-driver,
thus getting rid of an attachment that
has always caused more or less trouble.
His plan seems entirely practicable and
is already attracting attention among
the few machine men to whom he has
revealed his idea. The construction of
his sickle makes it possible to keep it
sharp and in good order without so
much of the irregular grinding that
ruins so many sickles. Mr. Gray has
thought out other improvements to the
mowing machine and will soon have
his models complete. We believe his
inventions are such as will win favor
and therefore should bring him profit-
able returns.
